About This Content

X-Plane 11 Global Scenery: Australia is a free DLC that you can activate thru your Steam Client. It will give you the default Australia Scenery.

About X-Plane 11

X-Plane 11 is the detailed, realistic, and modern simulator you've been waiting for.

A completely redesigned, intuitive user interface that makes setting up and editing your flight a breeze.
Consistently usable 3-D cockpits and stunningly high-resolution exterior models for all included aircraft.
A new effects engine for lighting, sounds, and explosions.
Realistic avionics: all planes are IFR-ready right out of the gate.
Busy, "living" airports with pushback tugs and roaming fuel trucks, able to service both your aircraft and the simulator's AI planes.
New buildings & roads to better simulate European cities
…and more!

English

Is anyone else having issues downloading this expansion pack? When I try and click on the download button it doesnt do anything and have tried copying it into internet explorer and doing it that way. Thanks
. Melbourne Intl. I love the game it looks great but you will need to have a very high end p.c. to use all functions.. Way better than fsxse. Great scenery.. where is the opera house , sydney harbour bridge...........
